The IOTA IIS 125 SM is a UL Listed stand-alone modified sine wave output inverter designed to provide power to designated emergency lighting fixtures. In a power ...

Featuring an integrated utility bypass function, pure sine wave output and low EMI/RFI emissions, Majorsine utility inverters are well equipped for telecommunications, networking environment and ...

XP series inverters provide the cleanest, best regulated sine wave output over the widest DC input of any inverter on the market today. They are extremely low in ...

Exeltech XP-125-12 XP Series 125 Watt, 12V True Sine Wave Inverter for Off-Grid and Mobile Applications
The XP-125-12 inverter by Exeltech provides true sine ...

Exeltech's XP 125 is a 125-watt inverter that provides the cleanest sine wave 120 VAC output over the widest DC power input (12-108 VDC) of any inverter on the market today.

Suitable for any computer that requires less than 1500 watts continuous. Ultra quiet with no electrical interference. Pure sine wave exactly ...

The Isolite E3MINI is a 125/250/375/550 VA mini-inverter. The inverter has field-selectable 120 or 277 VAC input/output with four independent outputs for the 125/250 VA models and five independent ...

The Exeltech XP125-12 is a 125-watt AC sine wave inverter that converts a 12V DC input into 100V, 120V, 230 AC output. It is designed to accommodate a wide ...
