Polinovel RACK series lithium solar battery uses proven lithium iron phosphate technology with built-in smart BMS, ensuring great safety and high efficiency to store solar energy. It can provide seamless ...

Holds up to six rack-mount lithium batteries, providing clean, organized, and scalable energy storage for home or commercial ESS systems. Built with heavy-duty, corrosion-resistant powder-coated steel ...

Perfect for off-grid solar systems, home energy storage, and commercial battery installations, the EG4 6-Slot Battery Rack delivers the security, durability, and performance you need for reliable energy ...

Pytes HV48100 SE is a high-voltage outdoor LFP energy storage system. IP55 rated, wide temperature range, supports parallel expansion up to 76.8kWh, built ...

We are a customized manufacturer, with a professional R & D design team and automated production lines. We support one-to-one customization and can give ...

Designed for durability and convenience, this rack ensures your batteries stay securely in place during use, whether on the road, at sea, or in your off-grid system. This battery rack is the ideal ...

Experience industrial-grade power reliability: Our 48V 150Ah cabinet lithium battery delivers 7.68kWh of high-density storage in a robust, free-standing design.

The newly upgraded JUANN series DIY battery box simplifies the process of building a 51.2V solar storage system. With our Grade A 306Ah cells, you can achieve a 15.5kW solar storage capacity.
