We provide detailed technical specifications for each rack and enclosure category to help you make informed decisions. Downloadable PDFs are available for the ...

Galaxy VXL 500-1250 kW UPS 380/400/415 V Technical Specifications Latest updates are available on the Schneider Electric website 12/2025 Show QR code for this page

The Vertiv(TM) CoolLoop Thermal Wall is a turnkey cooling solution delivering 350 to 500 kW, designed to elevate the performance of chilled water air handling units ...

ABB's modular, prewired, and pretested solutions provide for a fast and smooth startup with minimal site and civil works, thereby reducing risk and en-abling speed to deployment. With a robust architecture, ...

This is the first disaggregated power rack specification. Standardizing the high voltage rack architecture will hopefully lead to a common supply chain, provide end to end power efficiency ...

Engineered for efficient data center commissioning and testing, it integrates ...

The Model ULB R500WT or R500WC is a modern, medium capacity resistive load bank system intended for data center testing requirements. Designed for indoor/outdoor installation, the load bank ...

PFMIEA500C2N097A - Prefabricated IT Data Hall, 500kW, 97 Racks, Perimeter CW Cooling, Mod Distrib, 480V/60Hz.

Integrally mounted blower motor with high-performance, direct-driven fan blade delivers the required airflow volume (CFM) for cooling resistor load elements. Motor is rated 3 HP at 208-230 or 416-460 ...
