Access to electricity is a modern development for many of East Timor's 1.3 million people, after much of the country's infrastructure was razed ...

OverviewVoteUnilateral Declaration of IndependenceAustralian shift in policy and letter from John HowardDeclaration of ReferendumPeacekeeping forceUNTAETIndependenceWidespread slayings by the Indonesian military and associated militias followed the vote's announcement. It was estimated that around 1500 East Timorese were killed and more than 250,000 forcibly displaced into Indonesian territory. A huge amount of infrastructure was destroyed, estimated to be around 80%. Those that survived struggled to feed and look after themselves and their families. The United Nations organised a mission to conduct the vote. This body, UNAMET, was unarmed, and ...

Timor-Leste's energy landscape is characterized by a growing demand for electricity and a heavy reliance on imported fossil fuels. In 2022, almost all of the ...

The landmark project includes drafting and negotiating a power purchase agreement (PPA) and an implementation agreement with the Ministry ...

With significant offshore and onshore petroleum reserves, Timor-Leste remains an energy producer, but the government is actively exploring ways to diversify its energy mix by ...
