Utilizing patented, retractable solar arrays + hydrogen + battery storage, Sesame's Mobile Nanogrids can serve entire communities with power within 15 minutes or ...

DC Container (BESS) is designed with long-life battery cells and robust electrical components, ensuring safe and stable operation even in harsh environments. It ...

Our line of solar transportable power units (TMSPDC#174;) provides stand-alone photovoltaic power. These portable units supply AC power just about anywhere ...

It integrates advanced photovoltaic modules, inverters, and electrical cabinets into a compact and functional unit. Ideal for remote areas, emergency power supply, and various off-grid applications, ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced ...

Disaster solar containers deliver clean, reliable emergency power in under 2 hours, offering rapid, fuel-free deployment for disaster relief and housing.

Ideal for temporary power, remote locations, or emergency backup, these all-in-one solutions combine high-efficiency solar generation with integrated storage for rapid deployment in construction, events, ...

We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and ...
