Specialized in researching and developing, manufacturing, selling solar energy products. Mibet provides reliable, efficient and eco-friendly floating PV system ...

Our solar brackets includes statically-optimised profiles and pre-assembled components. light and strong aluminium alloy ENAW 6063, lightweight and ...

This floating solar mounting system is different from the traditional mounting projects on the ground, roof, and window. It can reduce water evaporation, and utilize the cooling effect of water to increase the ...

The floating surface photovoltaic bracket is mainly composed of buoys, cable troughs, lower seats, supports, and photovoltaic modules. The buoys and cable troughs form a base net to support the ...

Sun Rise E& T is the world's third largest of floating solar manufacturer. Our product line includes HDPE floating solar structure, HDPE pipes and HDPE floating fish ...

Flexible connection floating solar structure is ideal for large-scale solar farms on water bodies, offering stable and scalable installation solutions. These brackets ...

At Jucai Huixin, We will strictly control the quality of raw materials and finished photovoltaic brackets, from length, thickness, height, to the thickness of the anti-corrosion coating, to the drilling position, ...

The solar floating photovoltaic system is suitable for installing solar photovoltaic power stations on water as lakes or reservoirs. HDPE, Zn Al Mg coated steel, and aluminum alloy were used as materials ...

Jiangyin Haihong New Energy Technology Co., Ltd. is a manufacturer specializing in the design and production of solar mounting system. Established in 2011, the company is located in Jiangyin City, ...
