Specifications included in this datasheet are subject to change without notice.

Fulfilling the requirements for excellent performance and easy installation for various applications, the GCL-P6/72H 330 solar module comes with dimensions of 1956 mm (L) x 992 mm (W) x 35 ...

Ideal choice for large scale ground installation. High conversion efficiency due to top quality wafer and advanced cell technology. Selected encapsulating material and stringent production ...

GCL System Integration Technology Co., Ltd. Solar Panel Series GCL-P6/72GW 330-365W. Detailed profile including pictures, certification details and manufacturer PDF.

This section offers a comprehensive analysis of the size specifications and ruggedness of the module, shedding light on its ability to withstand diverse climatic conditions and mechanical ...

All you need to know about the GCL-P6/72 330 solar panel including rating, cost, efficiency, and warranty terms.

The document contains details regarding the materials used in the solar panel's construction, certifications (e.g., IEC, UL), and even information about the panel's dimensions ...

The GCL GCL-M3/60 330 panel delivers 330W. Maximum current and voltage are 9.76A and 33.8V respectively. As for physical dimensions, the panel is 1686mm tall and 1000mm, wide, ...
