## How much does a 50kW solar-powered containerized mine cost in Australia

systems in Australia have an average payback period of 4 years. However, depending on your location and energy consumption patterns, the system may pay back in as short as 3 years, or extend to around 5 years. The more energy you consume from your 50kW solar system, the faster it will pay itself back. Similarly, the more sunlight yo...See more on gosolarquotes 5/5Occupation: CEO, Researcher, EditorSolar RunCommercial 50kW Solar System, Installaion & Price ...For commercial 50kW solar systems in Australia you will be looking at starting prices of \$45,000 to \$50,000 after rebate, excluding GST. For higher quality ...
