Parkomat, an Israeli company traded since July 2022 on the Tel Aviv Stock Exchange for its robotic parking product, has announced a new solution. This week, the company introduced ...

The Ashalim power station is a concentrated solar power station in the Negev desert near the community settlement of Ashalim, south of the district city of Be'er Sheva in Israel. It consists of three plots with three different technologies through which the station combines 3 kinds of energy: solar thermal energy, photovoltaic energy, and natural gas. Ashalim Plot A (Negev Energy) is a 121 megawatt parabolic trough plant with 4.5 hou...
