Pew Research Center

Research has to have an element of discovering something new, of creating knowledge. While a literature search is one important part of a research project, it isn't research in and of itself.

This research article explores the essence, functions, and process of research, with a specific focus on scientific research. In addition, it delves into the characteristics of scientific research ...

Pew Research Center is a nonpartisan, nonadvocacy fact tank that informs the public about the issues, attitudes and trends shaping the world.

The Religious Landscape Study is a comprehensive survey of more than 35,000 Americans' religious identities, beliefs and practices that's been conducted in 2007, 2014 and 2023-24. Pew Research ...
