We design and deliver innovative solar, wind, and battery storage solutions that ensure reliable energy for industries, businesses, and communities. With ...

Sephu Solar Power Plant is an under-construction photovoltaic power station in Bhutan.

These devices play a crucial role in bridging solar power generation with energy storage solutions, especially when paired with lithium batteries. This ...

Utility We build and operate large grid-scale solar, wind, and hybrid projects across India which supplies renewable energy to government utilities, both at state and center. We supply the energy under long ...

The government of Bhutan plans to have installed solar capacity of 500MW by the end of 2025 and 1GW by the end of this century. Bhutan hopes ...

The commissioning and inauguration of the 180kW grid-tied Solar Power Plant marks the start of Bhutan's investment in grid-tied solar energy as a viable ...

Bhutan's Ministry of Energy and Natural Resources has inaugurated the country's first utility-scale solar power plant. The Sephu solar project, ...

Through its green energy generation from the project, it is expected to boost the firm power during the winter season and complement hydro ...
