Photovoltaic cells have been the building blocks of a solar power boom spurred by Prime Minister Pedro Sánchez, whose support for renewables, ...

Find the main operational data of Iberdrola España's solar power plants through this interactive map. Find out all about the facilities that we have in Spanish regions - which are key to promoting a ...

Spain breaks records in solar photovoltaic energy. Learn about the data, challenges, and the future of the sector by 2030 in generation, self-consumption, and storage.

Israeli solar company Ellomay has connected to the grid the 300 MW Talasol PV project in Spain after 17 months of construction work. The complex is made up of three photovoltaic (PV) parks -- Santiz I, ...

Solarig has connected the Arco 8 photovoltaic plant, with an installed capacity of 62 MWp, located between the municipalities of Sanlúcar la Mayor and Huévar del Aljarafe (Seville), to the grid. ...

OverviewSolnova Solar Power StationPlanningPS10PS20See alsoExternal linksThe Solnova Solar Power Station is a large CSP power station made up of five separate units of 50 MW each. With the commissioning of the third 50 MW unit, the Solnova-IV in August 2010, the power station ranks as one of the largest CSP power stations in the world. Solnova-I, Solnova-III, and Solnova-IV were commissioned in mid-2010 and are all rated at 50 MWe in installed capacity each. All five plants are built, owned and operated by Abengoa Solar, a Spanish sola...

Declared of strategic interest by the Junta de Andalucía, the installation of the 400,000 bifacial solar panels with trackers has provided a significant economic boost to the local economy, involving 14 ...

In Spain, RWE has currently 6 solar parks in operations with more than 250 MW total capacity. Operation and maintenance (O& M) of solar plants is essential to ...

Solar panels at Spanish solar plant

The Unión Española Fotovoltaica (UNEF), Spain's leading solar industry association, commemorates International Energy Day, celebrated this Saturday, 14 February, by highlighting the ...
