Local zoning ordinances use a range of approaches to restrict or ban renewable energy systems of different types. These approaches are categorized below, with more information and specific ...

WASHINGTON -- Today, U.S. Secretary of the Interior Doug Burgum signed a Secretary's Order to more efficiently manage our nation's energy ...

Across America's power grid, there's a growing gap between what we need and what we'll allow. As the planet warms and climate disasters grow more costly, the U.S. has set a target to reach ...

For each state, we created an overview of current and past state law on the placement and regulation of wind and solar power, and a list of counties that currently have blocks.

More than a dozen states have given themselves the power to override local zoning restrictions blocking large-scale renewable energy projects. The decisions come ...

Just one solar project has been approved on federal lands since Trump took office in January, and none have been permitted since July when ...

More than 60 large wind and solar farms under development on federal lands, such as Jackalope Wind, are being stymied. But the administration is also holding up hundreds of wind and ...

Like wind power, photovoltaic (PV) solar power has also been impacted by an increasing number of state and local ordinances that restrict ...

President Donald Trump on Wednesday said his administration will not approve solar or wind power projects, even as electricity demand is outpacing the supply in some parts of the U.S.
