As of January 2025, available for batteries connected to new installations of SolarEdge Home Hub Three Phase inverters. Valid for new and existing sites. For warranty details, please refer to the SolarEdge ...

Optimized for SolarEdge Energy Hub Inverters(1) DC coupled battery featuring superior overall system efficiency, generating more energy to store and use for on-grid and backup power applications

Integrates with the complete SolarEdge residential offering, providing a single point of contact for warranty, support, training, and simplified logistics & operations

Integrates seamlessly with the complete SolarEdge Home ecosystem using SolarEdge Home Network, offering a single source for warranty, support, and training, to streamline logistics & operations

For compatible inverter information, see the SolarEdge Home Hub Inverter for North America datasheet and the SolarEdge Home Hub Inverter for North America Assembled in North America datasheet.

The SolarEdge Home Battery is designed for use with SolarEdge Home Network for wireless communication. The inverter might require a matching SolarEdge Home Network Plug-in (more ...

The SolarEdge Home Battery 400V is to be installed in a location where the ambient temperature falls between -4°F to +122°F. The maximum allowed duration below 32°F is limited to ...

The SolarEdge Home Battery 400V (BAT-10K1P) is a DC coupled battery optimized for SolarEdge Home Hub Inverters, offering a 10-year warranty and high ...
