PRS Country of manufacture China (1) CT interface inverter shall only match a CT with 2-pin connector; Meter interface inverter shall only match a Meter with 2-pin connector; CT/Meter(2-in-1) interface ...

Recommended max. PV power. Yes (1) (1) Activation required.

Industry-leading (200-500Vdc) full power MPPT range Integrated Arc Fault Circuit Interrupt (AFCI) option RS485 Modbus communication protocol with Wi-Fi interface (optional GPRS) Web based data ...

Solis S6 Advanced Power Hybrid Inverters New PRO model provides solutions for demanding power scenarios

The Solis S6-EH1P(3-8)K-L-PRO series is designed for residential hybrid systems. The inverter can work with low-voltage lithium ion and Lead-acid batteries to maximize self-consumption and provide ...

For more information, including ordering any of our integrated rapid shutdown, optimizer and meter options, please see the datasheet and the compatibility list for reference.

Solis Single Phase Low Voltage Energy Storage Inverters New PLUS model provides solutions for demanding power scenarios

o Up to 4 MPPTs and 16A of DC input current allows for PV array design flexibility. o Optimization, module-level monitoring, and rapid shutdown options available. o External RSD, EPO signal and ...

View and Download SOLIS S6 Series user manual online. Hybrid Inverter, Applicable System, Single phase system. S6 Series inverter pdf manual ...
