Produce FE from the sun, use your head for recharging your inventory. Download SolarGeneration by 3divad99, with over 6.1M+ downloads ...

Immersive Solar Arrays (ISA) adds a solar power system to Project Zomboid. Allows players to power their bases during the day, and during the night if they ...

The impending power outage always gives me severe stress while I'm playing and not in the good way. The idea of burning fuel and having to manage that is also kind of a bummer, especially on my ...

Immersive Solar Arrays adds a solar power system to Project Zomboid which allows players to power their bases during the day, and during the night if they have ...

To make the ISA, you will need to find an inverter (it looks just like a battery charger) and solar panel parts. They spawn in hardware loot, like warehouses and garages.

This mod allows you to power an entire building based on its internal room connections. Plug in one custom generator inside or next to a building, ...

A detailed helping guild how to set up your Solar panels for the Mod Immersive Solar Arrays, with problem-solving and how to get it working and problems I found and overcome....more

It is quite decent, and not too overpowered in my experience. I was 3 months in when my base was more or less running completely on solar and I had to loot a good portion of Westpoint where I am ...
